About

I am a Florida native living in Brevard County for 60 years. My family owned Ramon's Restaurant, one the most recognized restaurants in the early Space Program days. It was an astronaut hang out and mentioned in the book and movie the Astronaut Wives' Club. I helped manage and book catering parties for NBC, ABC, CBS as Ramon's was the exclusive caterer to the Press site at NASA during the Shuttle Program.

I continued college and in 2003 graduated with a degree in Web Development and Graphic design. Over the years I have worked directly with many local advertising agencies as well as Clear Channel, Brevard Zoo, Real Estate Agencies, home builders and a vast variety of businesses in Brevard and many other states, Canada, and India. I enjoy working with clients to help them to successfully achieve their goals.

Career Accomplishments:

Stanley Homes- Designed logo for this award-winning Brevard County Home builder

Sun Quality Construction- Designed logo, website, and printed material for this Premier Homebuilder in West Palm County and Brevard County

Water Safety Products, Inc.- Designed 30th Anniversary logo for catalog and marketing- Working with owner Paula Panton for over 30 years. Water Safety Products is an international company selling to Disney and water parks around the world. I also design many of their national ads and vectorize Disney World files needed for print.

Brevard Zoo-Worked with the designer for the Wildlife Detective Training Academy Exhibit producing and overseeing installation of all signage in the exhibit. Also worked with zoo director, Keith Winsten on designing other signage and installations throughout the zoo.

Proficient in Illustrator, Photoshop, and Dreamweaver, Microsoft 365 Front End Web Developer (HTML, Bootstrap, CSS, jQuery, and JavaScript), SEO, Marketing, Social Media, Facebook and Google Ads

Volunteered for these organizations:

Port St John Community Foundation- Volunteer and work with the PSJ Community Foundation 501 (3) (c) as web developer, graphic designer, social media, and all marketing. I am pleased to see the success and impact the foundation has made in our unincorporated community by holding community events throughout the year.

Merritt Island High School- Helped locate and bring together 50 years of alumni for the schools Golden Anniversary Celebration by designing and maintaining a web site for the 3-day event.

Port Canaveral Association- Working with the committee and helping with their Annual Pink Ribbon Walk and designing and maintaining their web site.

Melbourne Art Festival-Working with the committee and maintaining their web site.
